

# Setting up a Picasa Web album for the Members Gallery on MBCameraClub.com

1. Get a free Google login and password if you don't already have one.
2. Go to [picasaweb.google.com](http://picasaweb.google.com) and log in.
3. Click on "Upload" and create a new album with "your name" as the title.
4. You may upload photos from the PicasaWeb site or from the Picasa program on your computer.
5. After you have uploaded your photos to album click "**Edit**" and
  - Select "**album properties**" and check "**public**"
  - Select "**album cover**" and select photo that will appear as the thumbnail photo on the website.
  - Select "**captions**" and add captions to the photos if you wish.
  - Select "**Organize & reorder**" to put the photos in the order that you want them to appear in the slide show.
6. Click on "**Link to this album**" on the right side.
7. Select the code in the box under "**Paste HTML to embed in website**"
8. Copy and paste this code into an email to Ron Osborne ( [rono359@gmail.com](mailto:rono359@gmail.com) )  
Note: To get all the code, left click, move the mouse to the right of the box until the text stops scrolling.

## The code should look something like this:

```
<table style="width:194px;"><tr><td align="center" style="height:194px;background:url(http://picasaweb.google.com/s/c/transparent_album_background.gif) no-repeat left"><a href="http://picasaweb.google.com/rono359/RonOsborne?feat=embedwebsite"></a></td></tr><tr><td style="text-align:center;font-family:arial,sans-serif;font-size:11px"><a href="http://picasaweb.google.com/rono359/RonOsborne?feat=embedwebsite" style="color:#4D4D4D;font-weight:bold;text-decoration:none;">Ron Osborne</a></td></tr></table>
```

**If the code doesn't begin and end with "table", then you didn't get all the code.**

NOTE: You can add and delete photos as long as you don't delete the photo you selected for the album cover. If you want to change your album cover, repeat step 7 and 8 and email the new code.
